Desired Grand Total

This function can be used to manually change the grand total for an invoice. For example, if a customer purchases an item and the total comes to \$10.23. The customer pays \$10.00 but can't find any change so you decide to just charge him the \$10.00. You can click on **Desired Grand Total** to change the grand total of the invoice to \$10.00 and CRE/RPE will automatically calculate and apply the proper discount.

Select **Manager** from the login screen, provide the requested credentials, and follow these steps.

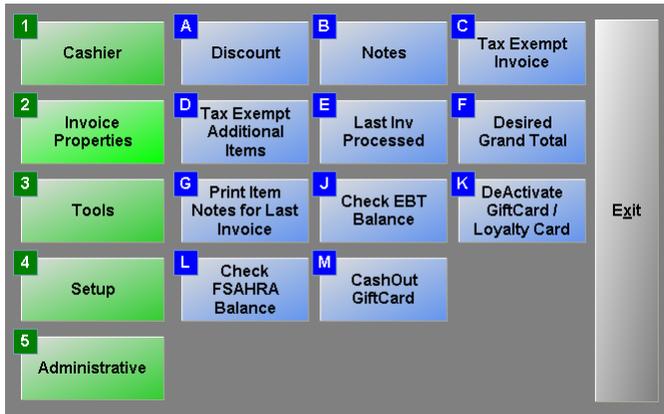

1. Select, **F11 - Invoice Info**.
2. Select **Desired Grand Total**.

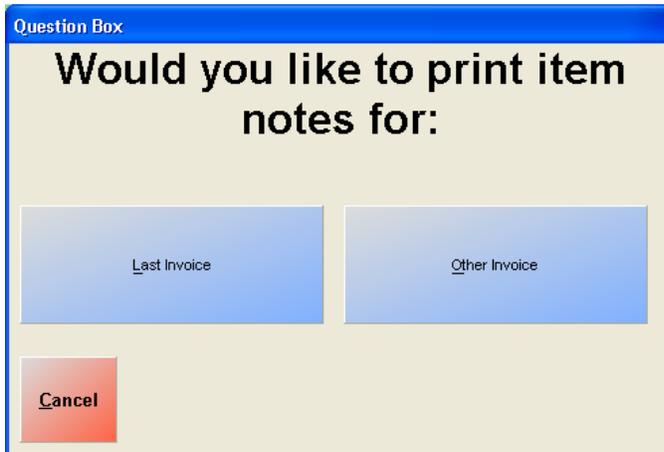

3. Enter the **Desired Grand Total**.
4. Select **OK**.

Print Item Notes

This function allows you to print the item notes from the last invoice processed or for a different invoice. These are the notes that are specified for individual items in the **Notes** tab of the **Inventory Maintenance** screen, such as instructions for caring for a plant or ingredients found in a meal.

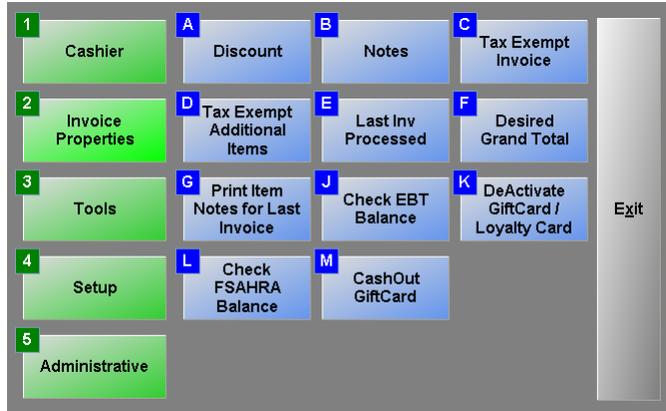

1. Select, **F11 - Invoice Info.**
2. Select **Print Item Notes for Last Invoice.**

7. Selecting Last Invoice will automatically print the notes for the last invoice.
8. Selecting Other Invoice will prompt you for the invoice number.
